A Heavy Weight Guaranteed Blue Serge Suit at \$18.50
The Masterpiece of Clothcraft Scientific Tailoring

JUST to show how good a blue serge suit could be made at a medium price, the makers first produced 4130 a year ago. It proved the biggest seller they ever had, because it was easily the best value in blue serge ever offered at the price.

This Fall, it's even better. In fact, it's the Masterpiece of Clothcraft Scientific Tailoring. While not the highest priced suit in the Clothcraft line, it's easily the best that ever bore the Clothcraft Label and Guarantee.

By producing this suit in large quantities, the makers have been able to put in it a better serge than would otherwise be possible at the price. In fabric, fit, fashion and finish, 4130 is an exceptional suit. It's guaranteed all-wool, fast and full color, full weight. Guaranteed also to hold shape and give absolute satisfaction in wear and service.

We quickly foresaw the popularity of this Clothcraft Blue Serge Special for Fall, and we've prepared for a big demand.

Before you decide on your Fall suit, come in and see The Clothcraft Blue Serge Special No. 4130. Examine the cloth and the tailoring. Try it on and notice the style and fit. If you don't decide it's the best \$18.50 worth you ever saw, you can't buy it.

We sell and guarantee all \$10 and \$15 Suits

Thomas Williams were quietly married last week. We wish them a long and happy life.

Many Todd is some better at this writing.—J. J. and I. L. Martin went to a land sale Saturday near Walnut Meadow. The land belonged to the Vaughn heirs, and sold at commissioner's sale bringing \$52.00 per acre.—Well we got beat on the bond issue this time but maybe we will learn better bye and bye. We can't see why anyone should vote against good roads unless they have been eating summer rabbits. You know that rabbits seem to be very silly in summer.—Last Saturday and Sunday was regular church days at Clear Creek and Bro. Willie Rowlett was ordained as a minister to preach the gospel. We hope he will have great success in the work.

Miss Minnie Lake, of near Hoots, who has been sick for the past two weeks is some better.—Conrad Christian visited C. L. Martin Saturday and Sunday.—B. E. Martin visited Hugh Linville Sunday.—Mrs. Mary Vaughn, of Boone, who has been sick for some time is some better.—Hugh Linville, who was accidentally shot some time ago, is able to be out again.—Mrs. W. Earnest Martin, a popular young stock buyer of Paris, was here last week returning from Rockcastle and Laurel counties where he bought 100 head of hogs for the Paris market. He had to pay an average of about six cents for the porkers. Mr. Martin is an ex-Lincoln county boy and is making good in the hustling capital of Bourbon county.

Gov. Spoonamore, of Preachersville sold to Brown and Lawson, of Garrard 125 hogs, 25 delivered now and the rest to go in December, at 7 cents. He sold to W. A. Todd 60 acres of corn on the stalk at \$3.30 per barrel. Spoonamore also sold to Sam Carpenter 50 barrels of corn at \$2.50.

W. P. Kincaid the local tobacco buyer has been picking up several crops in different sections, but has not begun to buy generally yet. He got 35,000 pounds in Garrard last week at an average of about 12 cents a pound. His principal purchases was the crop of J. B. and S. P. Curtis, of the Hackley vicinity, which consisted of about 4,000 pounds for which Mr. Kincaid paid 10 cents for 400 pounds and 20 cents for the remainder of the crop.—Interior Sunday.—W. H. Stephens and wife visited the latter's parents Sunday.—Kizzie Jackson and

WILSON WINS For President

By Largest Vote Ever Given
a Candidate for the
Presidency

That Woodrow Wilson won for President by the largest majority ever given to a candidate, tells the story of Wednesday's election.

Wilson carried 38 out of the 48 states.

Rhode Island, Vermont, Utah, and Wyoming were the only states carried by President Taft.

California, Illinois, Iowa, Kansas, Michigan and Washington went for Roosevelt, and all the rest are lined up in the Democratic column, with majorities from 50,000 to 300,000.

Kentucky went 105,000 Democratic.

Kentucky elects 9 Democratic Congressmen and 2 Republicans. Powers won by about 2,000.

The House of Representatives will be Democratic by a large majority.

Judge Charles C. Turner wins Judge of the Court of Appeals of the Seventh Appellate district over judge Kirk.

Our big "Rooster" ordered for this special occasion failed to arrive, as did also the returns which we ordered shipped out by the Western Newspaper Union in plate form. In order that we might be able to give our readers the latest and most accurate returns we fell upon this plan and the result is by the carelessness of someone we are left just at the time of going to press without scarcely any election news, which has caused no little worry and grief to us.

BRODHEAD.

Mrs. George W. Brooks, of Denver, Colo., is with her mother, Mrs. M. E. Wilmett, who is very sick. —Mrs. Brooks went to Colo several months ago on account of her health, and we are proud to say that she looks better than she has in several years.—Mrs. Linda Benton, of Millersburg, was with Mrs. J. F. Watson the later part of last week.—Mrs. Benton, who is Worthy Matron of Robins Chapter No. 166, Order Eastern Star, was appointed Grand Warden of the Grand Chapter of Kentucky, O. E. S., which was in session in Hopkinsville the 23, 24 and 25 of October.—Mr. and Mrs. Thomas Baker and family, of Wilton, were the guests of Mr. and Mrs. Wm. Francisco, last week.—Mr. and Mrs. R. L. Smith, of the Hiatt section, were with their daughter, Mrs. A. M. Hiatt, last Sunday.—Earl Phillips of Wildie, was in town last Sunday.—Dr. George Frith, who is located in Tellico Plains, Tenn., is with home folks this week. He seems to have selected this week, in order that he might have an opportunity to vote for Wilson and Marshall, and on his account we are glad that his first vote was not lost. The doctor is prepared to do all kinds of dental work with here.—Wade H. Leece, the popular Crab Orchard merchant, was in town last Sunday.—Mrs. Lida Whyland, of Berea, is giving music to class of about twenty. She will probably teach vocal music also.—Mr. and Mrs. David Webb, who has been very low with typhoid, are able to be out again. Their son, Clod, who has typhoid also is still very low.—C. O. Howell was at home the first of the week.—Mr. and Mrs. John Evans are rejoicing over the arrival of a democrat, and judging from the democratic majority, he must have voted last Tuesday.—Arthur Anderson, of Paris, is here for a

few days.—Mrs. G. F. Sutton, of Mt. Vernon, is with home folks this week.—Mr. and Mrs. Chas. S. Lyons are at their home in Junction City for a few days this week.—Mr. and Mrs. J. F. M. Brown, of Louisville, is here for a few days.—We forgot to mention in our letter last week the basket ball game between Brodhead and Mt. Vernon high school boys and girls. The game between the boys resulted in a score of 10 to 8 in favor of our boys, and 8 to 6 in favor of our girls. We are sorry that we overlooked this item, but we are sure that it would be mentioned elsewhere in this paper.

The games were interesting from start to finish, and were largely attended. We are sorry that the Mt. Vernon rooters did not get to present the beautiful bouquets that they had so carefully selected for their winners. Too bad, sure.—Mrs. John Robins returned home Monday after spending a month in Pineville. She is considerably improved in health.—The post office at Ottawa, together with J. W. Brown's store, was totally destroyed by fire last Saturday night. The loss to Mr. Brown is considerable, which was partly covered by insurance.—Rev. E. M. Painter, of near here.—Attorney E. R. Gentry was in town Wednesday.—George S. Durham was at home to vote Tuesday.—Since the rains have begun it reminds us of the promise town trustees made about street crossings. Of course, we know they have just over looked this matter, and we only wish to remind them that they will soon be badly needed.—A number of petitions are already being circulated for the postoffice at this place. In fact before the polls closed Tuesday, a petition was out. While this may seem a little premature to some, we are of the opinion that the petitioners remember the saying, "The early bird catches the worm."—Robert G. Wilmett returned to his home in Nepton to cast his vote. Don't forget Teddy.

We won with Wilson.

Hello, President Wilson.

BAYAN for Secretary of State.

WILSON won without wrongful
word work.

WONDER whom the Taft men
"blame it on".

PROSPERITY has made not the
slightest retrograde movement so
far, at least not so you can notice
it with the naked eye.

The hopefulness of the political
candidates on the eve of the election
is only exceeded by his ability
to make excuses after the election.

The Elephant and the Moose they
showed so awful little speed,
That the Donkey distanced both of
them and came out in the lead.

The entrance to the pie counter
is already jammed. Well the boys s
have fasted to these many years,
and hunger is mean company.
They are hardly to be blamed.

HATS OFF to State Campaign
Chairman Camden. As an organ-
izer, hustler and general live wire
he was always on the job. The
Kentucky democrats owe him a
vote of thanks.

IF YOU want to make a suit of
clothes easy, go down to Munford-
ville and get in jail. A new jail
has just been completed and the
jailer offers a fine suit of clothes to
the first prisoner he has.

THE NEW YORK WORLD says
that Wilson is typically American,
in that he rose from the bottom of
the ladder unaided; whereas both
Roosevelt and Taft were born with
silver spoons in their mouths.

Wilson beat two of the biggest
men produced by the Republican
party and there are some parties
who labor under the impression he
could have beaten three, even four
just as easily. Some people have
wonderful faith.

A MERCER county man died
while making a fire. Mark this,
wives, and take no chances on los-
ing your hubby in such a way.
Had the good wife made the fire
herself, she probably would not
have been a widow now. Nothing
like taking precaution.

"A HOUSE divided against itself
cannot stand"—likewise a political
party. It is plain as the hand
writing on the wall that is at hand
the finish of the G. O. P. and
every Democrat in the land should
at least have a great feeling
toward Colonel Roosevelt for
helping to do the very thing that
the Democratic party has been
trying to accomplish for fifty
years. And then, besides, this
will be the finish of the Colouel,
too.

AN UNSUFFICIENT MAJORITY.

Rockcastle county voted a few
days ago on a good roads bond
issue. The first published re-
ports of the result indicated that
the bond proposition had been
successful, but such was not the
case. To have been successful it
was necessary that it should be
endorsed by two third majority
and this it did not receive.

The good roads advocates in
Rockcastle county made a good
fight. There were 2,270 votes
cast in the county, and of these
1,179 were for the bond issue and
1,091 against it. This gave a
majority of only eighty eight, which
was short nearly 400 votes of the
number required to endorse the
proposition. The result in Rock-
castle is similar to that in Whitley
county, where, at an election held

a few weeks ago, the majority fell
short of the necessary two-thirds.

Under the provisions of the
Constitution it is a difficult matter
to vote a bond issue in Kentucky
counties. A two thirds majority
is required before a county may
assume an indebtedness in excess
of its yearly income and revenue.
Many of the voters are unreason-
ably prejudiced against bonded
debts and no amount of argument
can influence them to support a
proposition which involves the
issue of bonds. The good roads
advocates in Rockcastle county
made a thorough canvass, but
they could not in a few short
weeks overcome opposition of that
sort. Whether they shall be able
to do so in the future remains to be
seen. The fight in any event
has not been altogether in vain in
Rockcastle county will have better
roads in future as a result of it.

When a majority of the people of
a county want good roads and are
willing to pay for them the situa-
tion assumes a most hopeful
phase.

The campaign for road improve-
ment will continue in Rockcastle
county and elsewhere, and if the
people will not vote for bond
issue other means for betterment
will be found. They may be less
effective, but they will bring some
degree of improvement, and once
the people are given an oppor-
tunity to weigh the advantages of
good road, or section of road, they
will be less inclined to resist
movements for prompt and per-
manent emendation of highway
conditions.—COURIER JOURNAL.

CARD OF THANKS.—To our
many friends and relatives of Mr.
Henry S. Branaman we desire to
express our sincere thanks for
their kindness and attention and
especially to Rev. Green Fish for
his words of consolation over the
loss of our dear husband and
father.

MOTHER AND CHILDREN.

EDUCATIONAL VALUE OF THE CHICAGO STOCK SHOW.

A GREAT BUILDING FALLS.

This great show will be held
from November 30 to December 7
at the Union Stock Yards, Chicago.
The entries are greater than ever
before, the quality of the stock
better and the interest among
farmers, breeders and feeders
keener than at any previous time.

It may be interesting to state that
the International Live Stock Ex-
position, from a comparatively
small beginning, twelve years ago
has assumed such importance in
the live stock world, as to render
its annual occurrence an absolute
necessity, not only on account of
its being the high court of appeal
for the court of last resort to stock-
men, but because it sets the
stamp of approval upon those of
our domesticated animals that are
most in demand and establishes a
standard among stock that must
be lived up to in order to realize
for the breeders and farmers the
highest price for their produce.

The day of the inferior animal
the slow feeder and the tardy
money getter is passed and in
order to succeed and obtain the
best results in the shortest possible
time, stockmen must breed for
the types set by this great inter-
national tribunal; follow its stand-
ards, adhere to its principles,
and abide by the findings of its
judges, in order to breed that
which is best, reaches maturity
the quickest and realizes the
highest price in the shortest time.

The ordinary observer has little
idea of what this Exposition is,
what it teaches and what it means.
It must be seen to be appreciated.
It must be studied to be under-
stood.

No more pleasant time can be
spent, no more practical lessons
learned, and no more valuable
knowledge gained, than by at-
tending the eight days devoted
to this Show. The stockman will
gain more real, sound, solid and
serviceable information by attend-
ing this Exposition than he can
gain in ten times the period at
any other institution. At this
Show he sees the best of every
breed, his field for comparison is
immense, and his opportunities
for practical instruction almost
limitless.

By attending this
Show, he sees business with
pleasure, knowledge with practi-
ce, and education with example.
It is the school of rapid learning
for the stockman a free education
that remains in his head, and
carries with it the methods whereby
the best live stock is produced
and most money made.

TEN GOOD REASONS FOR HOME PATRONAGE.

1. Your home merchant can
duplicate the price made by any
responsible concern anywhere on
goods of equal quality, in the
same quantities and on the same
basis of delivery and payment.

2. You can examine your pur-
chases in the home stores and be
assured of satisfaction before in-
vesting your money.

3. Your home merchants are
always ready and willing to make
light any error or any defective
article purchased.

4. Your home merchants help
support, through direct and in-
direct taxation, your schools,
churches, and other public in-
stitutions.

5. Your home merchants help
make a good local market for
everything you have to sell, and
that market—more than any other
factor gives your land its present
value.

6. Your home merchants are
your good friends, ever ready to
extend a helping hand in time of
need.

7. If this community is good
enough for you to live in and
make your money in, 'tis good
enough to spend it in.

8. The best citizens in this
community are those who believe
in and practice home patronage.
Be one of the best.

9. The merchants in the dis-
tant city give you nothing valuable
that the home merchants can not
give you—and the former can
not and will not do for you many
things the latter do gladly.

10. Every dollar kept in cir-
culation in this community helps
increase property values. Every
dollar sent out of this community
that could as well be spent here
hinders the wheels of progress
and helps build up some other
community that could as well be
spent here; hinders the wheels of
progress and helps build up some
other community at your ex-
pense.

SIMPLIFIED SPELLING.

Slowly but surely the fight for
simplified spelling gains ground.
The results in the past few years
have more than met the expecta-
tions of the associations which is
pushing this much-needed reform.
Every month shows gain for com-
mon-sense spelling. The fight for
reason in spelling no longer
arouses that ignorant prejudice
and hostility it once did. The in-
sanities and inanities of our
ridiculous spelling are no longer
sacred as they were a few years
ago. Of all the stand patters the
spelling stand-patter is the most
amusing and it is a very hopeful
sign when a new idea gets planted
in his thick head.

THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination
seemed to offer the slightest promise of cure.

Pervention, however, is the logical solution of the question. Dr. Hess, (M.D., D.V.S.)
has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every
organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly
disinfect the premises, sleeping quarter and runs with Dr. Hess Dip and Disinfectant, would
prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:

"During 1911 our country was visited by one of the worst hog plagues ever known.
We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and
ten." —Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera:

"When we recall the conditions which favor the disease and the manner in which its infection
takes place, it will be seen that feeding and caring of hog has much to do with the prevention of the
Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped
every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way
troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin
recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium
Hyposulphite and Black Antim.

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about
the test of 20 years.

NUX VOMICA, Digestive and Nerve Tonic.
SULPHATE OF IRON, Blood Builder & Expels Worms.
COMMON SALT, Appetizer. Expels Worms.
NITRATE OF POTASH, Acts upon the Kidneys.
FENUGREEK, Tonic and Aromatic.

This preparation is compounded by Dr. Hess, (M.D., D.V.S.) and sold to you on a written
guarantee and only costs 3¢ per month for the average hog. The definition of the ingredients
are taken from the United States Dispensatory and noted medical authorities.

George Owens, the monument man has recently erected handsome monuments to the graves of Mrs. J. J. Smith and A. C. Hiat, both of whom are buried in the Oak Hill Cemetery.

Tuesday's election reminded us of the old August elections years ago, when everybody got drunk and had from one to a dozen fights. We had no fights - Tuesday but several times the chances were pretty good.

There will be a meeting of the Woman's Club at Mrs. Cleo Brown's home, Friday evening, Nov. 8th, at 7:30 o'clock. The report of the Program Committee is to be heard and acted upon. Every member is earnestly requested to be present.

The order of the Eastern Star held their annual grand chapter at Hopkinsville two weeks since. They have 9558 members in the State. Mrs. Lida Benton, of Brodhead, was appointed one of the grand officers at the above meeting.

Now that the elections are all over, it is up to the people to turn their attention to their business and keep the wheels of progress moving. For our part we propose to try to give the news and to this end we want to urge our correspondents to assist us in this effort by sending a good letter each week with the full news of your locality. We hope to hear from every one in the county.

We have heard from one or two sources of a half dozen or more men who said that they were going to stop taking the SIGNAL because this paper supported the bond issue. We were unable to learn the names which we regret very much, but we want to say in unmistakable language that all we ask of those people who ever they may be, is just pay us what you owe us and we will be more than glad to cut your name from our list. The SIGNAL supported the bond issue because we believed it was right and to the man who opposed it from a conscientious standpoint, we have never said aught and never will thank God we have too much sense and our views are too broad to censure the man who exercised the same right that we claimed for ourselves, "freedom of thought and freedom of speech."

The bond issue was lost; the advocates have gracefully submitted to their defeat and for the opposition, it seems that their victory should be sufficient to calm their wrath. The vote showed that the county was nearly equally divided of those voting and for some man or some few men upon either side to attempt a boycott as there were, of those upon the other side, is bad policy and a scheme of revenge that has never worked to the advantage of those who attempted to do it. We are still for good roads and a bond issue to build them because we believe that is the only way they can ever be built and to those who believe otherwise we would say stand by your convictions but be man enough to concede to the other man the same, right you claim for yourself.

The husband of a woman noted for her extravagance in dress had a terrible dream. He met a strange collection of animals, several foxes, a beaver and some seals, and they had no coats. He wondered, and then the beaver explained: "We were skinned for your wife's fur." The man smiled "So was I," he said.

L. T. Stewart, a big hearted farmer of Wildie, arrested and landed in jail here one Oscar Sanders. At the time of arrest Sanders had with him, over in Jackson county, a horse belonging to Mr. Stewart which he had borrowed to ride to his brother's funeral. Sanders promised to return the horse in two days but failed to show up the third day and Mr. Stewart went after him and found that he had been trying to sell the horse. Since the arrest reports have been coming in that this same Sowder has been guilty of a number of things, any of which would land him in the pen.

The fact that all Fourth class postoffices as well as many other of the Government jobs have been placed under the Civil Service Act, will cause some disappointment to those who were expecting a post office or some other job under the Wilson Administration, if that order holds good when Mr. Wilson goes in. If the order stands as it is now there will be no change in the smaller jobs, including post offices, clerks of all kinds etc. Some say the order will stand some say not. It is very reasonable however to suppose that the precedence long since established, "to the victors belongs the spoils" will come pretty near prevailing. Let it be as it may, those who expect anything had better prepare for the Civil Service examination and make ready for a good one, for without it, the chances of a piece of pie will be rather slim.

LANGDON MEMORIAL.

Invitations were issued by the girls of Langdon Dormitory to friends in town for a Halloween party on Thursday evening Oct 31st. Jack-o-lanterns and ghosts were found at the entrance as well as scattered through the rooms. During the evening marshmallows were toasted at a big bon fire and later a dumb supper was served in the dark. The fortune teller was one of the centers of interest. After refreshments an impromptu kindergarten and a chestnut race concluded the amusements.

On Tuesday a mock election was held among the students. The polls were open before school, at recess and at noon. Election official presided, one sample ballot was explained and a heavy vote was polled. The result of the election stood: Taft 3, Roosevelt 17, Wilson 25.

The American Literature class has concluded a study of the life of Washington Irving and some of his well known sketches, including, The Legend of Sleepy Hollow, Christmas Eve, Christmas Day, and The Christmas Dinner. They are doing some excellent theme work.

The bond issue was lost; the advocates have graciously submitted to their defeat and for the opposition, it seems that their victory should be sufficient to calm their wrath. The vote showed that the county was nearly equally divided of those voting and for some man or some few men upon either side to attempt a boycott as there were, of those upon the other side, is bad policy and a scheme of revenge that has never worked to the advantage of those who attempted to do it. Believing that every girl should have regular recreation out of doors, a portion of the day, at the close of school is set aside for that purpose. Walnut bunting and the fox chase over the hills, are among the favorite diversions.

Upon the request of several ladies plans are being perfected for a cooking class for the ladies of the town. Further information as to time and other details will be given later.

A kindergarten class, with Miss Robertson in charge, has been organized at Red Bud School House. A class in rochet work and sewing will probably be conducted also.

Speaking of what a newspaper does in a community, the late U. S. Senator Davis, of Illinois, made an address in which he said: "Every year each local paper gives from \$200 to \$1000 in free lines to the city in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his town than any other man, and he ought to be supported, not because you like or admire him and his style, but because a local paper is the best investment a community can make. Today the local papers are doing more for less pay than anything else on earth."

The following composition on men is credited to a little girl: "Men are what women marry. They drink and smoke and swear, but don't go to church. Perhaps if they wore bonnets, they would. They are more logical than women and also more zoological. Both men and women sprung from monkeys, but the women sprung further than the men."

A barber is now one of the finest luxuries of the leisure class, but the man who has to attend to his business and wait every day in a barber shop while several earlier birds are given the course of treatment has little time left for the higher pursuits of life.

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weakening sicknesses that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or injurious ingredients. It is an alternative extract of roots, made with pure glycerin, and first given to the public by that famous specialist in the disease of women—Dr. R. V. Pierce, of the Leavell's Hotel and Surgical Institute of Buffalo, N. Y.

Mrs. Lizzie M. Hirschmeyer of Lincoln, Neb., 220 "C" St., says: "I send a testimonial with much pleasure so that some suffering woman may know the value of your remedy. I took one bottle of Dr. Pierce's Favorite Prescription, which a friend advised me to take, I found myself very much improved. After taking three more bottles, and using two boxes of Dr. Pierce's Lemon Tablets, I found myself on the road to recovery. I was in poor health for five years, now I am cured."

"I hope all women suffering from female weakness will give Dr. Pierce's Favorite Prescription a fair trial."

Doctor Pierce's Pleasant Pellets regulate and invigorate the stomach. Liver and bowels. Sugar-coated, tiny granules.

Children Cry FOR FLETCHER'S CASTORIA

TWO ARE KILLED

And Others Burned When Fire Destroys Sanitarium.

Louisville, Ky.—Two lives were snuffed out and two negro maids were painfully burned when fire, starting from a defective water heater, swept the Martinsville Sanitarium of Louisville.

Dr. J. W. Fultz, 66 years old, of South Park, Ky., a paralytic, was ousted after he had been abandoned by his colored attendant in a bath-room.

Miss Elizabeth U. Sharp, 57 years old, of Bardstown, Ky., died at Norton Memorial Infirmary. She had been trapped in an electric bath cabinet, where she was taking her final treatment of an electro-medical course. Miss Sharp was a sister-in-law of General Bennett H. Young, commander of the United Confederate Veterans of the United States and a prominent and wealthy lawyer of this city.

Firemen rescued Joseph Beeman of Louisville and Moses Edith Jarvis and Mary Ellis of Livermore, Ky., patients, who, in night garments, clung from the windows of their rooms on the third floor and clung to narrow ledges until taken down on ladders.

A TOLL ROAD COMPANY.

Somerset Citizens Have Project Under Consideration.

Somerset, Ky.—A stock company will be organized here for the purpose of building a pike from Somerset to Waynesburg to connect with the Lincoln county pike, and from Somerset to the Cumberland river, to connect with the Monticello pike. The plan is to use the route of the county road and put in toll gates. The Fiscal Court, it is said, will grant the permission. It is figured \$30,000 will do the work. The people of Pulaski county are very much interested in good roads and propose to have these improvements.

MODEL CONSOLIDATED SCHOOL.

Maysville, Ky.—Miss Jessie O. Yancey, superintendent of Mason county schools, has prepared an exhibit of a model consolidated school of Mayslick, this county, which she will place on display at the Child's Welfare Exhibit, to be held in Louisville the latter part of November. These include pictures of the school wagons used in transporting the children to the schools.

GOOD PROFIT ON FARM.

Paris, Ky.—Joseph A. Wilson, a former druggist of this city, has sold his farm of 232 acres, seven miles from Paris, to John A. Bell of this county. The price is said to have been more than \$125 an acre. Mr. Wilson bought the farm eleven years ago at \$68.25 an acre. More than 100 acres of the farm are excellent tobacco land and fifty acres virgin soil.

FIRE AT CARLISLE.

Carlisle, Ky.—Fire which destroyed a bee house, summer kitchen and meat house with contents at the home of Luke Mathias here and damaged his residence, which was saved by hard work. The total damage is about \$300, with insurance on the residence, but none on the other buildings. The origin is unknown.

AFTER GUN TOTERS.

Paris, Ky.—Orders have been issued to the police to arrest and search all suspicious characters in an effort to put a stop to the practice of carrying weapons. The action of the authorities is the result of a number of shooting scrapes in and about Paris. The majority of the cases have occurred in the negro settlements.

FINE YEARLINGS SOLD.

Georgetown, Ky.—Col. Kinzer Stone and Eugene Rucker sold at Latona six thoroughbred yearling colts, ranging in prices from \$550 to \$850. The sires were imported from England and have been resold recently and returned to their native head.

NEW MOOSE CLUBHOUSE.

Franklin, Ky.—Officers of the Loyal Order of Moose have leased the Valentine property, in North Main street, and are having some handsome additions made to the property with a view of converting it into a club house.

FARM SOLD FOR \$21,000.

Maysville, Ky.—One of the largest deals in real estate in Mason county in several months was the sale of R. M. Harrison's 151-acre farm to William J. Kickley of Mayslick for \$21,000. It is one of the best pieces of land in this county.

OIL EXCITEMENT IN WOLFE.

Winchester, Ky.—Pumping has begun on the new oil well at Cannet City, Wolfe county, and fifty barrels a day is being taken out. Dr. S. R. Collier and others who own the well will put down three others at once, one in the Elk Fork region, one in the neighborhood of the Coked gas wells and the other on White Oak creek. Big bonuses are being paid for leases. Mike O'Hara, a blind man, who owns a few acres near Hampton, had a well running 120 barrels to come in.

For pains in the side or chest dampen a piece of flannel with Chamberlain's Liniment and bind it over the seat of pain. There is nothing better. For sale by Chas. C. Davis.

FORTY-TWO PERISH WHEN TURKISH CHANLEE FOUNDERS IN BLACK SEA.

ISLAND TAKEN BY GREEKS

Sieze Spila, in Aegean Sea, Whose People Were Massacred by the Moslem Troops in the War of 1824—Powers Refuse to Intervene.

Athens, Nov. 6.—A wireless message from a foreign warship at Saloniaka says the Turkish army, which was defeated at Yenidje, about fourteen miles from Saloniaka, has reached that city in complete disorder.

Before their flight from Statista, to the southwest of Kosani, the Turks pillaged a monastery. They cut a monk to pieces, impaled a three-year-old child and massacred many of the inhabitants of the town.

The European consuls at Scutari have complained that during the bombardment of October 27 many shells fell among the peaceful population and caused a panic, and many exploded close to the consulate churches, mosques and schools.

15 Ships Sunk by Mines.

Constantinople, Nov. 6.—The Turkish steamer Chanlee has founded in the Black sea. It is reported that the crew and forty-two passengers were drowned. The steamer is supposed to have touched a mine. A Greek merchant struck a mine in Saonki harbor and was blown up.

The heir apparent, accompanied by a brother and Marshal Freed Pasha, have started for the army headquarters.

Greeks Occupy Island.

Athens, Nov. 6.—The Greeks have occupied the Turkish island of Ipsara, in the Aegean sea, northwest of Chios. The people of this island were massacred by the Turks in the war with Greece in 1821.

Turks to Make Last Stand.

London, Nov. 6.—The prospect that a considerable portion of the defeated Turkish army will be able to reform behind the lines of Tebalaja the last fortifications before Constantinople, is not altogether excluded, but whether the Turks will be able to maintain there any serious resistance to the Bulgarian advance is a question which permits of doubt.

In the struggle with the allies the Turks lost more than half their artillery. In fact, the Servians alone claim to have captured no less than 300 guns. This will certainly militate against any prolonged stand at Tchatalja.

In a circular note to Turkish ambassadors abroad the Turkish government maintains that, although embarrassing affairs are not desperate and declare that when the allies had committed their mobilization Turkey had hardly begun hers. The note states that Turkey is still able to maintain prolonged warfare.

Powers May Not Reply.

Up to the present hour there is no sign that anything has come of the porto's appeal to the powers for mediation. No reply has been received at Constantinople, and there is little doubt that when they are received they will embody a declaration to consider the idea of proposing armistice. Apparently Bulgaria is in no mood to negotiate peace at the present time.

Although fighting is still proceeding on the Tchatalja front and correspondents are sending reports of Bulgarian and Turkish successes in that neighborhood, according to which side they draw inspiration from, the official announcement from Constantinople that the Turks are withdrawing to the Tchatalja line of forts is to be doubted, and it is evident that this fighting is merely an extensive rear guard action to cover the movement of the Turks toward Constantinople.

The Fall of Adrianople is Expected Daily.

The occupation of Bnk, on the railway between Saloniaka and Kulu Burgas, is the last link of the chain: wholly cutting off the Turkish armies which have been fighting the great battles in the east from the scattered forces in the heart of the country and the west.

Comparative Order is Maintained in Constantinople and Saloniaka, but apparently the nervousness felt in Europe over possible outbreaks is shared by the authorities in Turkey.

London, Nov. 6.—The water supply of Constantinople was cut off by a large Bulgarian force which occupied Derkasa at the end of the line of Tchatalja, from which point the aqueduct supplying the Turkish capital starts, according to a news agency dispatch from Sofia.

Austria Sends Fleet.

Vienna, Nov. 6.—The Austria-Hungarian fleet consisting of three battleships, one cruiser and two, torpedo-boats destroyers left the naval station at Riva for Turkish waters.

Constantinople Loses Water Supply.

London, Nov. 6.—The water supply of Constantinople was cut off by a large Bulgarian force which occupied Derkasa at the end of the line of Tchatalja, from which point the aqueduct supplying the Turkish capital starts, according to a news agency dispatch from Sofia.

Venetian Night is Barred.

Examiner Brookfield of England Prevents the Display of Reinhardt's Production.

London, Nov. 6.—The examiner of plays, Charles H. E. Brookfield, has prohibited the production in England of Max Reinhardt's wordless play, "A Venetian Night."

A large company was brought from Berlin with elaborate stage settings, and was to have appeared in the Palace theater.

After witnessing the rehearsal the censor forbade the production on the ground that the whole tone of the performance rendered it unsuitable for the English stage.

New Comet is Discovered.

Cambridge, Mass., Nov. 6.—The discovery of a new comet by Astronomer Horrelly of Marseilles, France, was announced in a cablegram received by the Harvard College Observatory.

WIRELESS HERO SILENT

AFTER SAVING TWO SHIPS

Operator Withholds His Name When Boats Arrive After Collision and Passengers Are Saved.

Norfolk, Va., Nov. 6.—Another hero of the sea was born. It developed when the Norwegian steamer Norna and the Norwegian sailing ship Glenlu met in a disastrous collision at sea last Friday.

The Glenlu arrived last night in a sinking condition in tow of the revenue cutter Onondaga, and is preparing to dock. The Glenlu is expected later in the day, when it also will be docked.

The man to whom credit is given is the wireless operator on the Norega, who declined to give his name, and whose desire to avoid notoriety was respected by Captain Hansen. When the crew was for deserting the stricken vessel the operator refused to leave his post and, with death riding the gale, continued to flash him appeals for help. He finally succeeded in raising both short stations and vessels of the Atlantic fleet. The rescue of the vessel was accomplished as they were about to founder.

The Norega will be repaired at the Newport News shipyard, where eleven passengers, including eight women, and her freight will be transferred to the steamship Mexicana, which has been awaiting her arrival. The passengers were on board the Onondaga.
